

URIEL

October 1st 2013

By: The Collective of One.

I am URIEL, the angel of the Presence and the Archangel of Reversion. Beloved children of the One, the Wave of my Presence, from now on in you, with you and for you, gives you to live and comes to mean, the birth of your Eternity.

That is in you as on what is given to see, to feel and to live. The Wave of my Presence is mixed in you, and mixing our presences, in order to live and to verify the whole of what has been given, the whole of what has been allowed to live and to test. In the time of the Dance and the Silence, I root to your Presence the Wave of my Life, the Wave of the Presence, that one that comes to open the Skies and the Earth to the New Presence of your Eternity.

The time is realized. The time is finished. Ending the time and its illusion. The hour of the Space, beyond any space, comes to sing you, through the crystalline Presence, in you ear, at your sides and in your Heart.

For the same reason, I come to finish, through the Wave of my Presence, in the bosom of your Being, in the bosom of your fields of energy. Allow yourselves then to dance, the Dance of the Eternity. Allow yourselves to live the Time of the Silence, the Time of the Eternity. In these times that finish the measurement of the Time, in these times that end with the notion of location, it is the time to recover what you Are, what you have always been, that sounds in your door.

Through the door of the senses, through the door of the perceptions, through the door of the Silence. There where there is the Dance that never stops. Accompanied by the Choir of the Angels and by the crystal Sound of my Presence, I come to announce the Wave that is mine, and that becomes yours. That of the New Age, of the New Alliance, where everything is Liberated, where everything is Truth, where everything is authentic. There where there is no place, no space, no time for any suffering, for any illusion.

The time has come, because it has been born, because it is Present, in your life, in your Universe, in your Sun, and, of course, in the Temple of your chest, in the heart of the Heart. The time calling you to the Dance, where nothing comes to stop, nor to resist, the Call of the Eternal Birth of your Presence, in the Light One, and vivified by the Presence of KI-RIS-TI.

Let's live through the Wave, the Wave of all the Presences. That of those who have guided you, that of those that belong to the Eternal present, to the Eternal Immaculate one of your Infinite Presence. Beginning to unblock what it must be in an eternal and definitive way. The Time of the Call, the Time of the Answer, is now. Whether this is in the signs of the Sky and of the Earth, in

its sounds or in its dins, there is the Answer of the Birth of the butterfly, which completes, in its chrysalis, its Transmutation and its elevation.

The Dance and the Silence are the engines of the Peace and the Eternity. In which your vehicles of the Eternity are. Those that are not limited by a beginning and an end. Those that have always been, and that will always be. Since nothing can change the Law of Love, the Law of Freedom, the Law of Eternity.

My Presence at your sides, in your Heart, in answer to your Call, in answer to your request. I come to finish the Round of the Archangels, the Round of the Elders, the Round of the Stars. Because in you everything is lit. Since in you everything is awake. Ready to live through the Time without time, the Space without location. The time of the Happiness, which nothing can alter, and which nothing comes to alter.

It's up to you now, not already to choose, but rather to set your position for the Eternity, in the bosom of your Eternity, or in the bosom of what is resisting. From there comes the Happiness, of your capacity and your facility, to allow to Live through the Wave, to take part in the Dance.

As Angel URIEL, I come to finish the Work in White. The one that finishes the time of the ephemeral things. The one that opens, in big, the Doors of the Eternity. In order to live what you have always been, what you Are always, and what you will always be. Beyond any history, beyond any action - reaction. The time of the Grace is fulfilled. The Route is now open. The Door is open. To the crystal sounds, to the sounds of the Sky and of the Earth, not already in an individual aspect, but rather and increasingly becoming collective and immanent.

In the moment where the Sky and the Earth change its position. In the moment where your Presence changes the point of view. In order to embrace and to marry the Freedom and the Eternity of the Love, in the waltz and the Dance of the Wave of Light that pushes you and opens the doors, not already of the hope, but the Doors of the Eternity. The time of the last Door, of the Last Reversion.

As well as I accompanied you, during these years. Whether that is for the Passage of the throat or the Passage of the Narrow Door. There has come the time to light, with the Wave of Fire, with the Wave of the Life, with the water Constellation, which spills the Lustral Water, in the Fire of your Ether. In order to Be yourselves, totally and entirely. Much further of all the tricks of this Illusion, of the ephemeral things. In the strict Truth of the Love, in the strict Truth of the authenticity and of the Transparence.

You have won without fighting. You have raised, without wanting it. You have completed the impossible mission: extracting this Solar system, definitely and totally, from the set of its illusions.

Therefore, as Bearer of the good News, I announce you the Opening of the Skies and the Earth. Leading you to live your Eternity. In a Communion of Souls, in a Communion of Spirits with the

Eternity. That represent both the Elders, the Stars and the Archangels in the bosom of your own Eternity.

It is the Round of the Silence, the Round of the Peace, the Round of the Eternity, where vibrates the perfume of the Beauty, of the Love and of the Truth. All this is revealed also to your senses and it will be revealed to your perceptions increasingly. In order to lead you there where you never moved, there where you were always. In order to that the butterfly embrace also the Eternity. Leaving behind sufferings and memories. That aggravated, that darkened what you are. Today, there is no more shade, there are no more barriers, there are no more obstacles. Except those that remain to be conquered by the establishment of your Presence and of our common Presence in the same Truth, in the same Unity, in the same Communion, in the same Fusion and in the same Dissolution.

It's still to Be only, in the bosom of the Moment. The Present to yourselves and the Present to ourselves. The Present to your Brothers and Sisters, the Present to the Earth and the Present to the Sky. The Present in any Dimension, in any Space, beyond all time. This is your Nature. This is your Eternal Essence, recovered in the bosom of this ephemeral world.

Everything is fulfilled. Everything is in materialization. Everything is in update. The work has been realized. "Everything is fulfilled", this was said some time ago. There remains now, in this fulfillment, the entire manifestation of the Truth, of the Light, of the Beauty and of the Love.

Therefore I invite you to celebrate. I invite you to rest, in the bosom of this Peace, in the bosom of this Happiness and of this Eternity. Provided by the Wave of Life, by the ignition of the whole body, of your structures, both dense and subtle. In order to live the "burn" of the Love, the Kiss of Maria, the Call of Maria, and the irrevocable Call of your Eternity.

Be in Peace. We are in you as you are in us. With an intensity never ever equaled before, where every Presence melts in the Joy of the Love and of the Dance. Without giving any more place to an identification, but rather to an Ascension of your Consciousness in the Eternity vehicle. And if this corresponds to you, beyond any vehicle.

Everything is in way, not inside a future, but in the Moment of your Present, in the Moment of your Presence, in the Present of the moment, in the Here and Now. Since there has come the moment where the Doors dissolve in the remains of the Illusion. Leaving you to lay bare, because I want you nude. Coming to call to your Door, taking the whole place, as well as the space and the times. Going so far as to spill the Water, the Water of the Resurrection, the Water of the Baptism. Not that of the birth in this world, but of the Birth in your Eternity. Welcome. Receive and reveal for yourselves, verify for yourselves, the Majesty of what you have to live, the Majesty of what is there.

Every time there are more signs, clear and important signs that are evident in the remaining linear development, of your planet and of your life. Leading you to cross this world, not already moving, but installed in the Wave that dances in you.

Because of your Eternity, because of your heart of the Heart, the whole world is immersed, little by little, from space in space, in the revealed, incarnated and shown Light, which aim is, you know it, the total spiritualization of what is called your matter. Without giving place to any more suffering. No longer giving more space to any opposition and to any contradiction. In the Abandonment to the Light, in the gift of the Being, in the sacrifice of the ephemeral things for the Eternity, which is created by the Intelligence of the Light, that is yours, like the Light of the Skies, of the Archangels, of the Sun, of the Cosmos and of the Source.

Today, finally the fulfillment is in materialization. The subtle Achievement is done also, and concerns also, to the densest planes of your manifestation. Do not be afraid. The Peace is there, the Eternity is there. It only depends on you, to allow the Peace to appear totally. But for that, you need to disappear, of "mine" and of "I". To disappear of the mental body, to disappear of the emotions. To disappear of the illusions maintained by the whole of the human beliefs and the falsified beliefs, formed in the cut and the falsification, in the loss of connection to this Eternity. Do not be afraid of anything, since we are in lighting, because this is a birth, which will not be followed never again by any death, by any weight or density.

Then, yes, the time is for the Dance. The time is for our Meeting, not already simply in the multiple experiences that you have carried out and led during these years. But rather in the complete update and materialization, of what has been announced, from the Celestial Weddings. But above all this is in you. The Eternity is in you. CHRIST is in you. The world is in you, totally. Realize completely. Look, observe. Feel and perceive. The Time of the Last, the Time of the Infinity, the Time of the Absolute, the Time of the Infinite Presence, the Time of the Êtreté (body of Light), is entirely fulfilled and lived in your flesh and before your eyes.

For this reason, as it has been largely explained, rest in Peace, since you are the Peace. And Peace can only be found in Peace. By no means in the activities of "me" and of "I". Each of you is called more and more intensely, in a more and more important way, to reside in the stasis of your Eternity, in the Residence of Supreme Peace. Since it is here where the Peace is. It is here where the serenity is. And it is here where there is the update and the materialization of what has been announced to you of multiple ways.

It will be done to each one according to your faith. It will be made to each one according to your experiences, according to your perception and your ability to dwell in the heart of the Heart, in the center of the Center, in the peace of your Eternity. It is here where all the resources are in you to get over any difficulty, until the call of Mary that will resonate in your chest, as in the Skies and on the Earth.

In that moment there remember that the only guide, whichever they are our meetings, whichever they are our Presences, is the center of the Center. There where everything is immobile. There where the Consciousness, itself, calms down in the satisfaction of the Peace and of the Eternity, allowing to recover, the Essence, the Absolute, the Infinite Presence. Or, if

your experiences desire allows it, then, in the bosom of the vehicles of Êtreté (body of Light) also glistening of the Light of the Freedom and of the Liberation.

I come to this Communion space, as in any space where you have received me, anywhere on this planet or in the Ethers. In order to give you the Last Swinging, corresponding, for those that experienced it, to the Vibrations of yours 11th. Body. Allowing to finish the Alchemy of the New Bodies. Allowing in you, to receive perhaps, in advance, the last Metatronic Keys, if they have not been impelled at the moment.

Remember that there is nothing to practise from now on, that there is nothing to want, nothing to search, anything to wait. Only to Be, in the heart of the Heart. Since in these particular times of the Work in White, you have checked that the distance between you and us has been abolished. That the time and the space do not exist any more than in the manifestation of this world. But in your inner spaces, we are there, increasingly present, increasingly intense, in the measurement of your intensity, in the measurement of your Peace, in the measurement of your Transparency. We are assembled to celebrate it.

I bless all of you, with the Wave of my Presence, with the Wave of the Life. For the New Eucharist, for the Alchemy and the Fusion of the three Hearths (the Heart, the Head and the Sacred one). Leading you to live the immensity of your own Presence. The immensity of the Beauty of what you are. Remain calmed. Keep calmed. Look for the Peace. Look for the Happiness, because it is already there and cannot be discovered outside your Heart, since it is there.

Open all the doors of the Eternity, burning all the Illusions, with the Lustral Water being spilled, from now on in you. Coming to wash your clothes and remaining ready for what is updated in the matter of your space - time, which is finished.

I will end with these words. The Dance is the Silence. Peace is the Tranquility. Joy, Love and Light are the witnesses of what you live. You, children, Anchors and Sowers of the Light. The end of the chrysalis is next. This disappearance is an appearance. It is a celebration. If the case does not seem to you, then do the Silence and allow to Dance the Eternity, since you are that.

Whatever your symptoms are, whether they are associated to Fire or are linked to the Consciousness, in your disappearance or in your Eternity, that little matters, since it is the result for you, the way, the best way to Welcome what is in you. The set of the Light, the set of the Creations, all Beauty is present in you. Let it emerge, now, with the silence of the words, with the silence of "me", the silence of the ego. Since everything is so next to you, ready to be received, but on condition that you only keep the most essential, that is to say, the Truth and the Love.

¡Receive the Wave of my Presence, the Wave being sealed in you, in the Eternity, in this moment of meeting, in this moment of update!. I bless the Water, the Element of this Earth, in order to restore you to the purity, that of the Highness that had been cut from the Low. The

Water, the Matrix of Life, is called to meet to the Fire, that of the Spirit. Resulting in a New Water, the Water of the Baptism. Water that comes to finish the move of the Fire and of the Heart, in the bosom of your chrysalis. Stay in Reception, in the bosom of the Moment, since the Life is restored, in its Eternity, in its Plenitude, in its Emptiness.

Be attentive, since the moments are there! Here and Now. In the center of your Heart, in the Center of the Earth, in the Center of the Sun, as in the Center of the Source. It only depends on you, to listen and to hear what is already there. Strengthened day by day, in you, as around you, as on the whole world.

I am URIEL, Angel of the Presence and Archangel of the Reversion, and I come to announce the update of the Gospel of the Peace, the Gospel of the Eternity, where no person or no consciousness can modify what is in you. Time of the Eternal one, Time of the Eternity. Time of the Dance, Time of the Peace. In order to return to your Nature, beyond this time, beyond this space, beyond any limit.

Remember that I am there for that, as a Wave, manifesting next to your left side, at the top of your body. I am the Presence that comes to reveal the Verb, since you are the Verb. Putting end to any word, to any supposition of your head, as of your body. Putting end to any projection. Putting end to any hope and wait. Because the times are realized, because the times have come. Because the Time is Now.

I deposit in your Heart, as in your body, and more particularly in the water that composes them, the Seal of the Eternity, the Seal of my Presence, leading to impel the Passage. I am URIEL, Angel of the Presence and Archangel of the Reversion. The Wave of my Presence marries to the Wave of Life, marries to the Three Hearths, to the Marial Channel, to the Sacred Lemniscata, and to what you call "Bindu". This Alchemy comes to be opened in Happiness, and in the Calmness, opening the chrysalis, there where the Wings open, there where the Wings dry off.

I am URIEL, Angel of the Presence and Archangel of the Reversion. I give you back to the Eternity. I give you back to the unspeakable Joy of the Meetings with yourselves, above all. I greet in you, the Baptism you live. I greet in you your Transfiguration. I greet in you, your own Resurrection.

I am URIEL, Angel of the Presence and Archangel of the Reversion. In this Communion, in Silence, the time has come. I settle in each of you, as a friend, not to guide you or to stretch the hand, but simply, offering the Joy of my Presence and of your Presence. Assembled in the same Wave, in the same Dance, in the same Peace, in the same Light, that of the Work in White. I offer you this present, because you brought me your Present.

I am URIEL, and I greet you. I leave in your Eternity, which is ours. See you very soon.
