of this organization shall be to encourage the  
research, publishing, and preservation of gene-  
alogical and historical material...."

FOGARTYVILLE CEMETERY

This cemetery is located at 4200 3rd Ave N W, Bradenton, Fla. In 1896 William H Fogarty and wife donated 4 acres of land to be used as a burial ground. Size of the lots varied, some contained 6 spaces, others 8 spaces and others 12 spaces. Prices ranged from \$10 to \$25 each.

By 1922 the lots were all sold and the trustees purchased an additional area about 4½ acres for which they paid in the neighborhood of \$950. After the enlargement, the Manatee Commissioners provided the labor for cutting trees and undergrowth as well as shell for construction of roads throughout the cemetery. To show their appreciation, the trustees provided an area to be used for those unable to purchase a burial plot.

In 1956 a fire in the office of the Chairman of the Board of Trustees destroyed early records including burial permits and treasury reports.

Through the years many improvements have been made including fencing, ornamental plantings and a well for a sprinkling system.

The cemetery is still in use and has the distinction of being the oldest and longest used burying ground in the area. Many of the early settlers found their final resting place here.

There are a few unmarked graves, which include-- 5 graves Section H; one grave is a Parker's baby..4 graves Section A-- See Caryle LUCKETT..And two graves with no last names. Ina ? 1876-1940 and Minnie ? 1871- 1937.
